

DWP-AWS Migration-ToR

Document Originator: Connor O'Shaughnessy

Submitted for approval: 12/06/23

Approved: 14/06/23

Description

Value: £200,000,000

Duration: 2 years

Project start date: 28th July 2023

Empower DWP to accelerate cloud adoption. This Cloud-focused division of DWP is responsible for delivering and managing the DWP Cloud Platforms – Public and Private – providing the appropriate guardrails, products, and features that will be consumed by DWP's Customer Groups to develop and deliver services.

Reviewer Comments

Fergus Beckerleg: I'm happy to approve this section of the project, can you let me know what stakeholders are involved?

Olfa Ksontini: I have experience working on a similar project and can share my expertise with the development team.
